*"What a treasure you are! I never realized that by changing my image I could get a job on one interview, get up-graded to First Class on a flight and attract people to me in such a positive fashion. Your clear vision and dedication to getting me to develop real style has been invaluable this year. Thank you so much!"*

*"As a management consultant, I travel extensively for business. By quickly assessing my needs and lifestyle, Missouri knew exactly how to wardrobe me. I now own 3 suits that travel well, are easy to mix and match, and are classic and versatile from day to evening."*

*"Missouri, I have to tell you how my week and half has gone since our consultation in NY. Every person I know who has seen me this last week and half has stopped in their tracks to say how good I look. It has been unbelievable. The changes, to me, are so subtle I never expected the reaction I have received. My circle includes bank executives and presidents, CEOs, Executive Directors, COO, accountants, lawyers (of course), lobbyists. I don't know the magic dust you use, but there is no doubt that you have found your calling. My sincerest thanks to you."*

*"When my company implemented a business casual policy, I turned to Missouri. It was easy for me to shop for a suit, but I was lost when it came to understanding appropriate business casual attire. Missouri had the solution to my problem and was able to suggest and shop for multiple outfits for me in colors that made me feel wonderful."*

*"I want to acknowledge the impact you have made on our lives. I can see that you have brought my husband, Robin to exactly where he wanted to be in his personal presentation. He looks consistently relaxed and very together. It is subtle and sophisticated and everything works. And it is almost effortless to achieve that look. I love the wardrobe you have built for me. You have an amazing ability to zero in on my personal style, choosing items that feel like my own taste only better! I am ready for any occasion and can relax knowing my clothing and accessories and makeup are all working for me."*

*Previously my image was inconsistent with my personality. As a personable, approachable, and reliable person, my wardrobe was filled with clothing and colors which made me seem unapproachable. Missouri formulated a plan to re-brand my image enabling me to achieve colossal steps for my personal and professional future goals. She is one of the best in her field of expertise."*

*"You help people become, on the outside, what they already are, on the inside. You showed me how to translate who I am into an image that is enormously more effective than anything I could have imagined. Now, who I am is evident in how I dress. "What you see is what you get!" I love the freedom and self-expression that comes when my external image matches my own internal vision. The best part is that, now, when I look in the mirror, I am reminded of who I really am in the most powerful and positive way. It's a strong, reinforcing motivator. I can't shrink back, nor would anyone expect me to. I "look the part." My image conveys who I am to my very core, and it makes me incredibly happy."*
